SENIORS OF HIGH SCHOOL HEAR OF PAST, FUTURE

Banquet Takes Place In Honor of Class Day; Give Final Talks

Seniors of Glendale Union High school last night held their formal banquet in the school cafeteria in honor of class day. Don Cameron, president of the class, acted as toastmaster.

The tables formed a Greek cross. Over the intersection hung a large basket filled with yellow and black Scotch broom and blue larkspur to represent the class colors of yellow and black. Runners of maidenhair fern freshened the table while yellow was emphasized in the nut cups. Places were spread for 112.

The menu consisted of fruit cocktail, chicken patties, mashed potatoes and gravy, buttered peas, hot rolls, pineapple and cucumber salad and ice tea. The dessert was orange ice frosted with a chocolate "22." Angel food cake was bordered in yellow and centered with a chocolate "22" also.

The 1922 Stylus was distributed at the close of the banquet. Each issue is in charge of the senior class.

Building Character
"We have been passing through that period of our lives in which we build our characters," stated George Jordan during the evening.

"It is now that we form our habits for good or for bad. In most cases the ideals we have now will stay with us. As our character is now, so will it be ten years from now."
"We have had better representation upon the cabinet than any class in late years. It is reasonable to expect that the members of this class will take the same interest in community and national life."
"Our representatives on the athletic teams have maintained Glendale's old time reputation for fighting spirit. We have contributed to the debating and oratorical success that Glendale High is enjoying. And so, with all these and a great many more equally commendable records to our credit, why shouldn't our future be rosy? As a class, we have had our bitter experiences. We have made failures. But as a class we have learned the value of team work. We are able to appreciate perseverance and hard."

STYLUS OF 1922 PROVES POPULAR AT HIGH SCHOOL

Picture of Every Student Said to Be in Book; Record of Year

Glendale Union High school this morning was full of excitement.

The 1922 Stylus is out! The main corridor of the administration building was filled with students eager to get their copy early this morning. The rest of the day was devoted by the students to filling up the blank pages at the front and back of the book with autographs. A spirit of geniality and sociability prevailed. Old grudges were forgotten and an attempt was made by many to originate clever epigrams. There was no desire for epithets.

"In publishing the Stylus of 1922," announces the Foreword, "we have tried to constantly bear in mind that it is nothing more or less than the record of this year's activities."
This issue, which is said to be the best ever published, is "dedicated to the spirit of co-operation and democratic student government."

Pictures of All
A picture of every student in attendance this year is supposed to be contained in the book. Seniors and faculty members occupy oval panels while members of lower classes are shown in groups. Photographs also depict the activities of "Jinx Day" and other events in the calendar.

The executive staff of this year's Stylus consists of George Jordan, editor-in-chief; Maynard Toll, business manager; H. Phillip Henderson, advertising manager. Faculty advisers were: Miss Jennie Y. Freeman, literary critic; Miss Mary Beth Abbott, art critic; Rhea Baker, auditor, and Normal C. Hayhurst, class teacher.

The staff is composed of the following: Dale T. Wood, Miss Lucy Strothers, Miss Charlotte Rominger, Dick Fisher, Walter Sullivan, Miss Dorothy Cotton, Donald Taylor, Chester Vosarik, Fred Terzo, Herbert Bruck, Miss Elizabeth Sternberg, Clarence Hall, Richard Pomeroy, Miss Virginia Pomeroy, Miss Marjorie Yarrick, and William Miller.

MISSION PAGEANT IS OFFERED BY YOUNG FOLK

Varied Program Proves of Interest at Gathering Held on Tuesday

There were 100 women in attendance yesterday at the meeting of the women's organization at the Presbyterian church. A short executive board meeting was held at 10:30 o'clock in the morning and the remainder of the time before lunch spent working on quilts. The lunch was in charge of the circle of which Mrs. W. J. Clendenin is chairman and the afternoon program was arranged by the circle of which Mrs. George McMill is chairman.

Mrs. G. F. Taylor was directly in charge of the afternoon's program, which was of varied interest. The first feature was the presentation of a missionary pageant by a group of young people directed by Mrs. A. D. Smith. "The Monday Morning Clinic at the San Juan hospital in Porto Rico" was the title of the sketch, which presented the missionary activities and helpfulness to the native people.

Very Well Presented
Showing careful training and work the pageant was well done and Mrs. Smith and those who took part were praised for their contribution to the afternoon's entertainment.

Another interesting part of the program was a talk by Miss Sarah Chapin, matron of an Indian missionary school near Tucson, Ariz. Miss Chapin is a guest of Mrs. G. H. Martin, who was a former teacher at an Indian school in Arizona. An account of the scope of her work and of the difficulty of combatting the superstition of the Indians was given by Miss Chapin.

There were also papers on the Philippines and Cuba by Mrs. Glenn Porter and Mrs. H. M. Lennox and an enjoyable solo by Mrs. Helen Graham Cole.

At the close of the program small pig banks were distributed and the women asked to contribute toward the fund for assisting in the work carried on by the Western Leper league.

A request was also made for sheets to send to the missionary hospital in China.

GIVES LUNCHEON PARTY

Mrs. Jennie B. Dooxey of 360 Salem street was hostess at a very charming luncheon party at her home yesterday afternoon. An interesting color scheme of pink and green was carried out in the floral decorations and also in the menu. The guests included Mrs. E. E. Ford, Mrs. Etta Marsh, Mrs. E. F. Moody, Mrs. Joe Bright, Mrs. George Rowe, Mrs. W. W. Wood, Mrs. Ella Bundick, Miss Elizabeth Bohannon and Miss Flora B. Wise of Kansas City and Miss Mary Bonhan of Kansas City.

RADIO CONCERT AT DR. HARROWER'S LABORATORIES

Progressive Club Members Guests of Honor, Hear Interesting Program

Members of the Progressive club of Glendale and employees of the Harrower Laboratories were the guests last night of Dr. Henry R. Harrower at an informal reception in the auditorium of the Harrower building on East Broadway.

The unique and interesting program opened with a radio concert. A new type of receiving apparatus, using neither ground nor aerial, and installed in a phonograph case, was offered. This apparatus amplified the electric waves to about ten million times their original power and the music received was clear and distinct. After the concert the instruments were tuned to the Catalina telephone wave length and some very amusing conversations were overheard.

Miss Alta Anderson, of the Harrower Laboratories, gave a reading entitled "The Larkspur Way" with a piano accompaniment. In response to enthusiastic applause she gave "Soap," a treatise on the peculiarities of that versatile substance.

Tells of Experiences
Fred Kreutzenstein, who recently joined the Harrower forces, gave an interesting talk on his experiences while crossing the South American continent on foot, narrating some laughable adventures.

Following this, Miss Hilda Brookway gave a piano solo beautifully rendered, and responded to the applause with the rollicking "Kitten on the Keys." Miss Julia Cunningham gave a reading dealing with the meanderings of a negro's philosophy while considering the theft of a green watermelon by his ambitious son.

Dr. Harrower gave two beautiful vocal solos, "I'll Sing Thee Songs of Araby," and "Beloved, It Is Dawn," playing his own piano accompaniment.

Do What You Think
Mrs. Harrower gave a reading on the tendency to compress most of life into capsule form, and an encore to the effect that "You can do whatever you think you can."

Delicious refreshments of ice cream and cake were served, and then the guests gathered again in the auditorium to witness some amusing musical stunts put on by the "horn rimmed glasses" girl employees of the laboratories.

George H. King, local attorney, gave a short but interesting talk, combining his ready humor with a more serious vein. The program ended with the singing by all the guests of "For He's A Jolly Good Fellow."

Meeting of Chapter Is Held In Glendale

The delightfully cool garden at the Charles A. Barker home at 1415 South Glendale avenue, presented a perfect setting yesterday for the luncheon and final meeting of the H. A. Chapter, P. E. O. until after the summer vacation time.

Yellow and white, the P. E. O. colors were used for the appointments and fifty members enjoyed the buffet luncheon and entertained in the cool shade of the trees.

Hostesses for the affair were Mesdames Marshall Pearson, A. W. Beach, John Hobbs, William Mabry, Homer J. Wellman, Charles A. Barker, W. H. Bullis, H. H. Davenport and J. H. Webster.

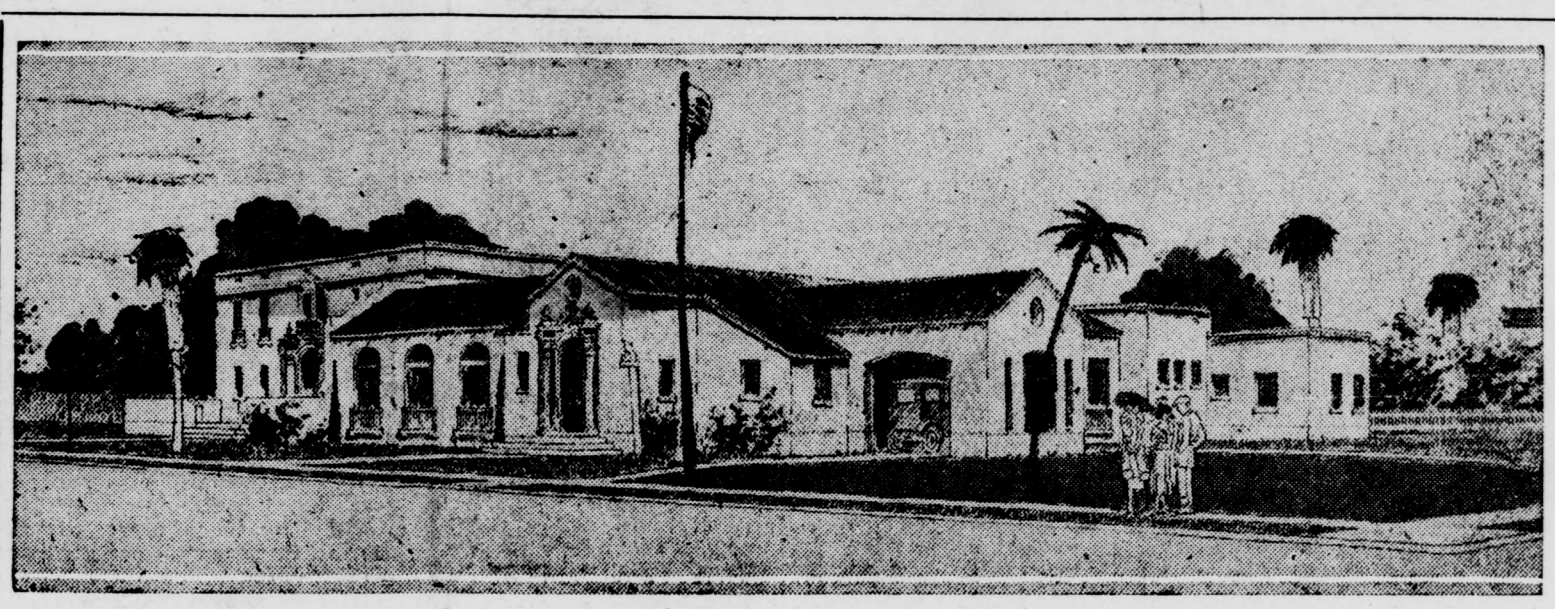

Miss Lucille Tholen and Mrs. Dwight W. Stevenson were in charge of the program, which included a dance by Eleanor Marek; vocal solo by Mrs. Helene Eames, accompanied by Miss Helene Morgan; French doll dance by Mary Ellis Barton; vocal solo by Mrs. Wayne Smith, accompanied by Mrs. N. J. Ripley; recitation and dance by Genevieve Marek; piano solo, Mrs. Homer J. Wellman; secret dance by Helen Orr; Mendelssohn Spring Song dance by Marie Brown.

Dinner Served to Convention Delegates

Mr. and Mrs. A. H. Montgomery of 415 South Central avenue entertained at their home with a "stag" dinner party last night. Mrs. Montgomery was assisted in entertaining by Mrs. William Gravelle. The guests included T. F. Baxter, George Kohls, Robert Streighler, Russell Horton, all of Seattle, and Floyd Lester of San Diego, all of whom have been attending the shoe merchant's convention at Hotel Maryland, Pasadena, this week. William Gravelle of Hollywood, Thomas Wakeman of San Pedro and Merle Buck of Glendale. Table decorations were carried out in pink.

After dinner Mrs. Wakeman gave several delightful vocal numbers and Mrs. Montgomery gave some interesting readings, after which the men spent the remainder of the time in singing.

Architect's conception of Tuesday Afternoon clubhouse of modified Spanish type of architecture to be erected at the corner of Lexington drive and Central avenue at an approximate cost of \$95,000, including furnishings. Building is to comprise auditorium to seat 800, banquet room, palm room, tea room, keepers' apartment and kitchen. Laying of cornerstone is scheduled for 11 o'clock Tuesday morning, June 27, according to plans being made.

BORAX KING NEAR DEATH AS AUTO TURNS OVER

Thomas Thorkildsen Drives Car Through Rail of Los Feliz Bridge

Thomas Thorkildsen, wealthy resident of Hollywood, with offices at 414 Trust & Savings Building, Los Angeles, and nationally known as the "borax king" came near to death in an automobile accident this morning. His heavy Marmon chummy roadster crashed through the railing of the Los Feliz bridge, near Griffith Park, overturned and plunged Mr. Thorkildsen in the mud underneath. A heavy fog is held partly responsible for the accident.

The accident occurred about 5:30 o'clock and Thorkildsen was not discovered for a half hour. Police were attracted by the constant blowing of the automobile horn, and upon discovering the wreck, called the Day & Night Garage at 217 East Broadway.

A car was rushed to the scene and Mr. Thorkildsen released. He suffered cuts about the head and face, and possible internal injuries. He was removed to a hospital in Los Angeles.

Auto Turns Turtle
The wrecked automobile, now at the Day & Night Garage, is badly smashed. Landing upside down, it wrecked the top, steering wheel, fenders and hood. A hole was punched in the radiator by the bridge railing, and other parts were damaged.

At the millionaire's residence, 2100 Canyon Drive, Hollywood, it was stated later in the morning that he was resting easily and would recover.

Mr. Thorkildsen gained considerable notoriety some months ago during a hotly contested divorce action with his wife.

High School Class Of 1921 Has Outing

A group of fifty happy young people of the summer class of 1921 of Glendale Union high school left the school at 6:30 o'clock last night for a reunion and picnic party at Brookside Park, Pasadena. Tennis and swimming occupied the early part of the evening, with a picnic supper at 8:30 o'clock. Wilbur Johns, former president of the class, called the roll and also acted as toastmaster, calling on Francis Read, Esther Black and Louise Wimmer for short talks.

Representatives from the various colleges were also called on for greetings as follows: Grace Judd, speaking for Stanford; Helen Beach for Berkeley; James Stewart for Pomona; David Polz and Robert White for University of California, southern branch; Arthur Campbell and Edith Hageman for the University of Southern California and James Sherwood for Occidental. Following the speeches the members joined in singing school songs and giving school and class yells.

Demand Action on Patterson's Opening

At a meeting of the Foothills Improvement association last night in the Central avenue school it was decided that members would attend tomorrow night's council meeting in a body and ask that Patterson avenue be opened and improved, thus giving another through street into Glendale from the rapidly developing northwest section.

E. H. Botsford, president of the association, presided and numbers matters were discussed with no action being taken. About fifteen were present at the meeting.

Today's World News In Brief

FEDERAL RESERVE BANK CUTS RE-DISCOUNT RATE
NEW YORK, June 21.—The New York federal reserve bank this afternoon reduced its re-discount rate from 4 1/2 per cent to 4 per cent, the lowest rate since December, 1917. The 4 1/2 per cent rate had been in effect since November 2, 1921.

APPALLING LOOTING CONTINUES IN CANTON TODAY
CANTON, June 21.—A lull in fighting has followed a protest by Acting United States Consul J. A. Huston and Commander G. M. Baum of the United States gunboat Tracy to Sun Yat Sen against the shelling of Canton following the damaging of United States property. The protest was based on the failure to give warning, thus breaking the international law. Looting goes on throughout Canton in appalling fashion. Sun Yat Sen's palace has been burned to the ground.

CONTEST APPEARS AT SUNDAY SCHOOL CONVENTION
KANSAS CITY, Mo., June 21.—A spirited contest loomed on the opening program of business before International Sunday School convention today as the great gathering of nearly seven thousand delegates were called to order at 10 o'clock this morning, to remain in session for one week. Unexpected opposition, it was revealed, has developed against the proposed merger of the International Sunday School association and the Sunday School council of evangelical denominations.

ADDITIONAL PUNISHMENT IS HANDED BABE RUTH
CHICAGO, June 21.—An additional suspension of three days without pay was inflicted upon Babe Ruth, the home-run monarch, today by Ban Johnson, president of the American league, as a result of the Babe's troubles with Umpire Dineen at Cleveland. Ruth was suspended for three days by Johnson yesterday. Upon receipt today of official reports of the affair, the American league head handed out the additional three days' suspension. The Babe must now remain idle for six days, during which time he will draw no salary.

FLOOD WATERS APPROACHING BROWNSVILLE, TEX.
BROWNSVILLE, Texas, June 21.—The entire population of this city is watching the rising waters of the Rio Grande today as the great flood of water approached. The crest of the flood is expected to reach here late tonight or tomorrow. The city is the only city in the lower reaches of the valley situated on the very bank of the river. The river when at flood stage is higher than the city. Up-river reports stated that the flood was at its height near Rio Grande City, ten miles from here. Grave fears were expressed for numbers of Mexicans isolated on small patches of ground in the direct path of the rising waters in Hidalgo and Cameron counties.

COUNTRY SCHOOL HOUSES DOOMED, SAYS OFFICIAL

SACRAMENTO, June 21.—The little red school house is doomed. It is picturesque but inefficient. Such was the statement of Sam H. Cohn, assistant state superintendent of state instruction, today in announcing the outcome of comparative tests recently held by the state department of education to determine the effectiveness of the rural educational system. Cohn said city school children are from two to three years more advanced in mental development than rural students in similar grades. The school system employed in the country is responsible for this situation and not the students, it was declared. The one room rural school is not a success as a teaching institution, Cohn said, and it is fast passing.

ORGANIZED LABOR HURLS DEFIANCE VIA GOMPERS

CINCINNATI, June 21.—Organized labor, through Samuel Gompers, president of the American Federation of Labor, today hurled defiance at its enemies and served warning that when existing or coming industrial conflicts cease, labor will still "be ready to fight." Insinuations that high officials of the American Federation of Labor are on the payroll of the so-called "capitalist press" while joining in labor's denunciation of the press, stirred an otherwise dull meeting of the forenoon session today. The insinuation came during debate on a resolution seeking an investigation of the Federated Press, an organization furnishing news to labor publications, and was met by Matthew Woll, vice president of the American Federation of Labor, with vigorous denial.

PEOPLE WANT BEER, LIGHT WINES, ASSERTS WEEKS

CHESTER, Pa., June 21.—"The people want beer and light wines, and if I were in congress they could have them," declared Secretary of War Weeks today in an address before that cannot be sidestepped. Candidates must take a stand and I have found a general sentiment in favor of an amendment to the Volstead act," Secretary Weeks continued. "I am in favor of a modification of the law. I believe it is the cause of most of the unrest in this country today. Prohibition is a subject that cannot be sidestepped. Candidates must take a stand and I believe those who favor a modification of the present enforcement law will be the successful ones. When I see a diligent, trained, capable legislator in Washington," he said, "I am sure that the majority of the people of the community he represents are alive to the best interests of the nation and themselves and are insistent on having that type of man represent them. The government is good or bad as the units of which it is composed make it. If the units are intelligent, educated, just and law abiding, a good government will result. If they are careless, illiterate and selfish, bad government is inevitable."

JOHN HYDE BRALY GIVES TALK ON 'PIONEERING'

Tells of Experiences In the Early Days; Tuesday Club Hears Officers' Reports

The interesting story of an early wagon train crossing the Green river in 1847 and experiences relating to the days of '49 in California were incorporated in the talk on "Pioneering" given by John Hyde Braly of 565 North Brand boulevard at the meeting of the Tuesday Afternoon club at Masonic Temple yesterday afternoon.

Preceding the talk by Mr. Braly, annual reports were read by a number of the officers on the work done during the past year. The report of Mrs. C. E. Hutchinson, president, reminded the club members of the unusual success of the past club year, during which the club's finances and interest in real estate has nearly doubled. She stated that the membership has increased from 538 to over 638.

Mrs. A. M. Williams, first vice-president and chairman of ways and means, thanked the members of her committee for their support and also for the liberal amounts which have been turned in by the various sections from entertainments given. She stated that to date 40 per cent of the subscription cards which had been sent out asking for individual donations, to take the place of the society circus, had been heard from, amounting to \$718.

The report of Mrs. Mabel Franklin Ocker, second vice-president, and chairman of programs and a year book committees, showed that the average cost per member for each of the programs given during the year was a little over 5.12 cents. The programs have been of unusual merit, distinction and variety, and were given at a total cost of \$589 during the entire year. It was declared that Mrs. Ocker, chairman of the society circus, had been heard from, amounting to \$718.

James M. Rhoades Is Rebuked By Judge

LOS ANGELES, June 21.—A sharp admonition administered to Juror James M. Rhoades, secretary of the Glendale chamber of commerce, featured today's extraordinary session of court in the retrial of Madalynn Obenchain, charged with the murder of Belton Kennedy, which was held in the lonely canyon of Beverly Glen—the scene of the slaying.

A controversy between attorneys as to the existence of a trail leading over the hills from the Kennedy "love cabin," in front of which the young broker was ambushed on August 5, last, was the cause of the official rebuke to Juror Rhoades.

The prosecution contended there was no well-defined trail over which Mrs. Obenchain had contended "two roughly dressed men" had fled following the slaying.

Rhoades then expressed himself that the jury should see the trail and that whether the trail was shown or not, he had his mind made up about the trail.

Judge Schenck then sharply admonished Rhoades that if he had an opinion he keep it to himself.

Executive Board of Club Entertained

Mrs. Mabel Franklin Ocker, Mrs. John Robert White and Mrs. Andrew P. Findlay were hostesses at a very delightful luncheon party given this afternoon at Plintridge Country Club in honor of the members of the Tuesday Afternoon Club executive board, the members of which include Mrs. C. E. Hutchinson, Mrs. E. W. Kinney, Mrs. E. W. W. Hayward, Mrs. G. E. Von Owen, Miss Eva Daniels, Mrs. Daniel Campbell, president-elect, and the three hostesses.

Harry G. MacBain's Brother Stricken

Harry G. MacBain, grocer, has received word that his brother, Arthur MacBain, aged 42, a resident of Minneapolis, Minn., died suddenly yesterday morning as the result of heart failure. He was well known here, having visited at the MacBain home, 614 East Lomita avenue. His parents reside at Santa Paula and they are returning to Minneapolis for the funeral services.

PLENTY OF FIST FIGHTS

ROME, June 21.—The chamber of deputies adjourned early today after a night of uproar during which there were a number of fist fights between nationalists and socialists.

MISCELLANEOUS SHOWER

Miss Virginia Fambrough and Miss Louise Fambrough of 295 North Orange street entertained recently with a miscellaneous shower in honor of Miss Dorothy Voorhies. The guests were all sorority sisters, about twenty-five active members of the alumni being present.

SPANISH BANQUET GIVEN BEHALF S. F. MISSION

E. F. Sanders, D. L. Gregg Are Representatives of Glendale C. of C.

San Fernando mission last night was the scene of a Spanish banquet served under the auspices of the Associated Chambers of Commerce of the valley. Assistant Secretary E. F. Sanders and D. L. Gregg, director of the Glendale Chamber, attended. A number of associations which have interested themselves in restoring the mission had representatives present and speeches were made by Senator Del Valle, Herman Liechtenberg and Thomas Chamberlain, who will direct the campaign, culminating in a great celebration July 4.

Plan Pacoima Highway If the plans of City Engineer Chamberlain do not get sidetracked off the development highway a new sixty-foot highway is going to be built from San Fernando, out Macla avenue, to Pacoima canyon. It is stated that the land owners along the route have pledged \$1500 toward the work. Mr. Chamberlain will in a few days submit plans to a road committee in Los Angeles.

New Caluenga Boulevard The new Caluenga Pass boulevard is an assured fact. A great beautiful highway of even grade will grace the rugged hills between Lankershim and Hollywood in a short space of time. The wheels of progress along that line have already commenced to turn; the first move has been made and the rights-of-way are to be secured at once.

Large Poultry Ranch One of the largest and best equipped poultry ranches in southern California is now being established at Roscoe by Charles H. Kline of Burbank, who has been in the poultry business for eighteen years. The ranch will be stocked with from 25,000 to 30,000 laying hens and will occupy nineteen acres of land which Mr. Kline has just purchased.

In Los Angeles

Desmond Mauled by Bear LOS ANGELES, June 21.—Mauled by a bear in the waters of a lake near Truckee, Cal., while filming scenes in a motion picture, William Desmond, film actor, was seriously injured about the legs, according to a report reaching here. Another film employe rushed to Desmond's rescue and rushed the bear with a blow over the head with an oar. The bear was being used by the company.

Three Jailed in Raid LOS ANGELES, June 21.—Two men and a woman were held in the county jail today, charged with violations of the Volstead act, and confiscated liquor and equipment valued at \$50,000 was held as evidence following a raid on a pretentious Ocean Park Heights residence.

Woman Dies on Train REIDING, Calif., June 21.—Mrs. Louise Baldrige, 55, of Pasadena, wife of Homer Baldrige, died on a passenger train near Delta. The body was taken from the train here. Mr. and Mrs. Baldrige and three Pasadena friends were motoring home from Oregon. She was stricken with paralysis at Cottage Grove and her husband was taking her home by train.

Record Class at Stanford STANFORD UNIVERSITY, Cal., June 21.—The largest graduation class in the history of Stanford university was graduated here, 717 students receiving degrees. The newly installed honorary degrees were awarded for the first time today, twenty-one receiving their degrees "with great distinction" and forty-two "with distinction." Dr. Ray Lyman Wilbur, president of the university, addressed the graduates on "What Is Progress?" The commencement address was delivered by Dr. Alonza Taylor.

Conference Is Expected WASHINGTON, June 21.—Republican leaders of the house said they expected President Harding to call a conference immediately to determine definitely what action is to be taken on the administration's ship subsidy bill. They are confident the President will give his consent to their suggestion that final action on the merchant marine legislation should go over until after the senate had finished with the tariff bill.

Denied Privileged Status WASHINGTON, June 21.—The new Capper-Tichenor "anti-gambling" bill was denied a privileged status by the house rules committee, which ordered the legislation sent back to the agricultural committee pending a favorable majority report on the bill. It was charged the measure had been reported from the agricultural committee before it had heard arguments presented by its opposition.

Police Trial Is Continued LOS ANGELES, June 21.—Hearing of the request for the removal of Chief of Police William Cavanaugh of Venice on charges of malfeasance in office, was put over to June 23 by Superior Judge Avery today. The case was crowded out of court by another trial.

Seek Cause of Death LOS ANGELES, June 21.—Dr. John R. Brinkley, well-known goat gland specialist, was en route today for Escondido with a carload of surgical and laboratory equipment for his projected goat gland hospital and health sanitarium which he plans to establish in the Mexican city, seventy miles south of San Diego.

Telegraph Briefs

Navy Bill in Conference WASHINGTON, D. C., June 21.—The \$295,000,000 navy appropriation bill was sent to conference to adjust differences between the senate and house. The house will be asked to agree to increases of \$45,000,000 made by the senate in acting on the bill. The enlisted personnel of 86,000 men was accepted by the senate and the question will not have to be brought up again while the bill is being perfected for presentation to President Harding.

Harding Losses Trip WASHINGTON, D. C., June 21.—President Harding has definitely decided that his long hoped for trip to Alaska this summer has "gone by the board." It was officially learned at the White House. The president feels, it was said, that he will not be able to get away from the White House for any extended period before the first of August.

Shriner Dies at Sea SAN FRANCISCO, June 21.—A radio message to the Massoh Navigation company announced the death on board the liner Matsonia, en route to Honolulu, of Frank C. Rogers, an official of the Los Angeles Soap company and a well-known Shriner. Heart disease caused death.

Lillian Russell's Will PITTSBURGH, Pa., June 21.—The will of Lillian Russell, wife of Alexander P. Moore, was filed with the registrar of wills. It is a brief document. It specifies that there shall be no mention of her charitable bequests or other benevolent contributions. No estimate of the value of her estate was given, due largely to the fact that almost everything consists of Chinese porcelain, laces, jewels and objects of art. A trust fund for the benefit of her daughter, Dorothy, is ordered created. The residue of the estate is willed to her husband.

Record Seizure of Booze SAN FRANCISCO, June 21.—The largest liquor seizure in the history of prohibition enforcement on the Pacific coast was made at a lonely beach near Point Lobos following a gun battle with a band of smugglers in which 100 shots were fired. The agents seized 1000 cases of imported whiskey, ten automobiles and four trucks. A mystery ship which was unloading its cargo of smuggled booze made off to sea and is being trailed by coast guard authorities. The estimates on the value of the seizure run from \$100,000 to \$300,000. Ten men were arrested.

Charges Political Frame-up BERKELEY, Cal., June 21.—Earl T. Downs of Emeryville, who recently announced his candidacy for congress on the independent ticket from the sixth congressional district, was arraigned in police court here following his arrest on charges of selling liquor in violation of the prohibition law. Downs denied the charges and declared a frame-up on the part of political enemies.

Save Crew From Wreck BALTIMORE, June 21.—The crew of twenty-six persons of the steamship Bella, which sank 330 miles southeast of Key West, Fla., Saturday, were saved, according to a wireless dispatch received here, sent by Captain John L. Martino, master of the ill-fated ship. They were picked up by the steamship Tamora and are now en route to Kingston, Jamaica.

Woman Dies on Train REIDING, Calif., June 21.—Mrs. Louise Baldrige, 55, of Pasadena, wife of Homer Baldrige, died on a passenger train near Delta. The body was taken from the train here. Three States Plan Big Picnic Reunions

Former residents of Illinois, Nebraska and Iowa are to have big picnic reunions during the summer, on July 22, August 5 and August 12. Arrangements are being perfected at the headquarters of the federation of state societies in the Continental National Bank in Los Angeles. Illinoisians will rally on July 22, the Nebraskans on August 5, and the Iowans on August 12. Special entertainment programs will be given and the three events promise to be the biggest get-together affairs of Suckers, Cornhuskers and Hawkeyes ever held in Southern California.

Constitutionalists Control Eighty Votes

By DANIEL O'CONNELL, For International News Service. DUBLIN, June 21.—The constitutionalists and their adherents will control about eighty votes in the Dail Eireann, while the republicans (anti-constitutionalists) will have about forty votes, it was indicated today. With the returns from eighteen districts still missing the morning tabulation showed the following results: Constitutionalists, fifty-two seats. Anti-constitutionalists, thirty-one seats. Laborites, fourteen seats. Independents, thirteen seats. Total membership of the Dail, 128 seats.

Tariff War Halts Commerce In France

PARIS—An appeal to the French cabinet to make every effort to bring to a close the tariff war with Spain that is tying up commerce between the two countries has been made by a group of southern French cities, including Bayonne, Biarritz and Pau. According to the appeal the basis of the strife is the influence exerted by French wine interests for protection against Spanish wines, and the result of the tariff war is a tremendous influx into Spain of German manufactures.

Michigan Testing Prisoners Mentally

LANSING, Mich.—Belief that defective mentality is largely responsible for the presence of many inmates in state institutions has caused the state administration to determine what part mentality plays in crime. Prisoners in institutions throughout the state will be classified and assigned work according to their mentality. The commission's activity is the first of its kind ever undertaken in Michigan.

Jewish Populations Massacred, Report

LONDON, June 21.—A Central News dispatch from Copenhagen quotes the Berlingsk Tidende as saying that terrible pogroms have taken place in Ukraine and that the Jewish population of four towns are reported to have been massacred.

Berkeley Students Battle With Flame

BERKELEY, Cal., June 21.—High praise was accorded the small army of co-eds and men students of the University of California who last night, by hard work assisted the Berkeley and Pittmont fire departments in saving many university buildings which a spectacular fire threatened to destroy. President Emeritus Benjamin Ide Wheeler today estimated the loss at \$15,000. Six student patients, including two women, were carried from the college infirmary, which was in the path of the flames.

HACKS MAN TO DEATH

NEW YORK, June 21.—Alleging he had caught Thomas Meighan, 62, attacking his 7-year-old daughter, Lillian, Sabatino Svoronone, 35, today hacked Meighan to death with an axe in Brooklyn.

Under normal conditions it requires five seconds after the firing of a gun for the report to reach a point a mile away.

\$1,000,000 PLANT LOST

SAN ANTONIO, Texas, June 21.—According to a telephone message received here today, the pumping plant at Mercedes, Texas, has been swept away by the Rio Grande flood. The plant was valued at \$1,000,000.

LEN SMALL RESTS CASE

WAUKEGAN, Ill., June 21.—The defense in the case of Governor Len Small, charged with conspiracy to embezzle state funds, rested its case today. Arguments to the jury are scheduled to begin this afternoon. No witnesses were placed on the stand by the defense.

PROBING MINE DISASTER

SEATTLE, June 21.—Deputy coroners are today probing responsibility for a mine disaster at the Beacon Hill coal mine, near here, late yesterday, in which one man was killed by an explosion of gas, one man seriously injured and another killed by hurt.

RECEIVE SURPRISE VISIT

Mr. and Mrs. Bert Woodard of 214 North Maryland avenue were pleasantly surprised yesterday by a visit from Judge Joseph E. Higgins of Nashville, Tenn., who has been attending the Shriners' convention in San Francisco. Judge Higgins is the officer of the Shriners' lodge of Nashville.

Favorite Ranges
Are made in the oldest stove factory west of New England, Piqua, Ohio.
They are cast from the finest of steel, finished in real porcelain enamel and the oven bottom is of cast steel, which can never rust or burn out.
It is thoroughly vented and will bake as fast as any range made. Investigate before buying.

ACID IN STOMACH SOURS THE FOOD
Says Excess of Hydrochloric Acid is Cause of Indigestion
A well known authority states that stomach trouble and indigestion are nearly always due to acidity—acid stomach—and not, as most folks believe, a lack of digestive juices. He states: that an excess of hydrochloric acid in the stomach retards digestion and starts food fermentation, then our meals sour like garbage in a can, forming acid fluids and gases which inflate the stomach like a toy balloon. We then set that heavy, lumpy feeling in the chest, we eructate sour food, belch gas, or have heartburn, flatulence, waterbrash, or nausea.
He tells us to lay aside all digestive aids and, instead, get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast while it is effervescing, and, furthermore, to continue this for one week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices.
Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salt is used by thousands of people for stomach trouble with excellent results.—Advertisement.

OSCAR C. SETTLE IS MAKING RECORD FOR CARRIER

Invades Verdugo Hills on Daily Trip for Uncle Sam; Flivver Aids

Oscar C. Settle, mail carrier, working out of the Glendale office on the rural route which goes to Sunland, claims several records.
Rather, his fellow workers at the postoffice here make the claims for him as he is too modest to even allude to the overload he carries.
There are 500 free delivery boxes on his route covering thirty miles or so and in addition he carries the pouches of mail to a sheet of paper, but he manages to get on top of the pile and steer the load safely up into the green Verdugo hills and get each package and postcard to its proper destination.

Does Lot More Work
Mr. Settle says that he does more work now in one day than he did in five prior to taking the route four and one-half months ago. So heavy are the loads that he has literally ruined the new flivver.
If there were not relief in sight, for Uncle Sam is slowly recognizing the great growth of the hill tribes in this vicinity. Mr. Settle would "toss the sponge" in the ring and retire to his little ranch which he sees about seven hours out of the twenty-four.
And that is by lantern light, for it is dark when he gets home to Tujunga and he is up and at the herculean task of accommodating his neighbors with mail at dawn every day except Sunday.

Labor Board Ready to Back Up Orders

CHICAGO, Ill., June 21.—The United States railway labor board is prepared to back up in every possible way its recent wage reduction orders and use every power at its command to avert a nation-wide railroad strike, it was indicated today, following the reply of Ben W. Hooper, chairman of the board, to the "ultimatum" issued Sunday by rail union leaders at Cincinnati. The "ultimatum" declared that if the membership of the unions voted for a strike the leaders would not oppose it.
Hooper's reply was sent to B. M. Jewell, president of the railway employees' department of the American Federation of Labor. It declared that a strike would entail "disaster for the unions and unfortunate results for the membership."

Not even USCO ever touched this value before
30 x 3 1/2 - \$10.90

WHEN you look at a 30 x 3 1/2 USCO at \$10.90 think back for a minute as far as you can remember USCO.
Since last fall when USCO established the \$10.90 price range they have recognized it as a value beyond any possible comparison.
A still greater money's worth than even USCO itself had reached before.
The truth is that men have always found USCO an outstanding money's worth no matter what its price.
Today at \$10.90 USCO maintains its established standard of quality.
And because of the new price, it sets a new index of tire value.

Men who have used USCO have never been inclined to measure its value by the general run of tires.

Has Remarkable Radio Apparatus

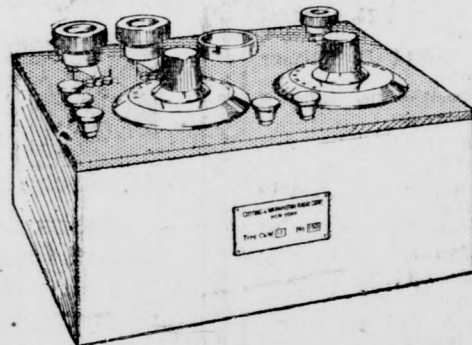

O. Read of London, the inventor of a remarkable radio receiving apparatus, with which it may be possible to speak to America or Australia. The apparatus can be carried in the hand, for it measures only 11 in. x 5 in. x 4 in. By means of this ordinary wireless apparatus continuous wireless messages and telephone messages can be received by amateurs. The apparatus can be made at a very small cost.

ELECTRON THEORY OF ELECTRIC CURRENT
In all materials regarded as good conductors of electricity there are presumed to be minute negative charges which are not very closely associated with or "bound" to the atoms of the substance. They are called free and move with some velocity from one atom to another in every direction between atoms. Even in a very hard metal the atoms are not thought of by scientists as being crowded so closely together but what there is space between them. That is, even a very hard substance is spongy, to some extent. These free electrons might be compared, as they have been, to the comets of our solar system. The molecules of a compound, the atoms of an element and the electrons are all regarded as being in constant motion, the motion being less hindered in gases and liquids than in solid substances. Suppose that the steam which rises from a pan of water heated over a fire is considered. The steam is, of course, produced by heating the water, and if we admit that the motion of the molecules and atoms can be speeded up by increasing temperature, it is not difficult to imagine that the molecules might gain sufficient velocity to fly up into the air. It is only a step to imagine that even the normal evaporation of water might be due to molecules which have been so speeded up as to fly upward from the surface of the water. Under certain conditions electrons may be evaporated in a similar manner from a substance containing many free electrons. It can be easily proven that if these evaporated electrons pass through a vacuum from one electrode to another a current of electricity flows between the two electrodes. This seems to prove that a flow or drift of electrons from one point to another is what constitutes an electric current. If at one end of a copper wire a force produces a concentration of electrons so that there are more than at the other end there will be a drift of electrons tending to equalize the number of electrons distributed all along the wire. Such a force can be created by the addition of an acid upon a zinc plate. If the plate is connected through a copper wire back to the zinc plate the electrons which accumulate on the plate flow along the wire back to the acid to take the place of those lost by the acid. If the action is continued there is a continuous flow of electrons through the wire, and we have what is known as an electric current. It is thus seen that an electric current, either in a conducting wire or through a conductor or through a vacuum is really a flow or drift of electrons.

A NEW SINGLE CIRCUIT REGENERATIVE RECEIVER
Some well thought out design has been incorporated in the new single circuit regenerative receiver shown in the illustration. As shown, the instrument is laid flat on the table, bringing the controls on the top, in which position they can be easily manipulated. If more desirable, however, the receiver can be used with the panel facing the operator and standing vertically. One of the important features is a "tickler" coil, whose inductance is variable. This obviates any "over-tickling" or excessive feedback action on the short waves and provides for sufficient on the longer waves. Another important point is the shielding of the circuits from the effects of body capacity. The adjustments are not disturbed by the withdrawal of the hand after tuning. This shielding is

tuning is not as sharp as can be secured with a coupled primary and secondary circuit. The loss of sharpness of tuning is, however, made up by the increased simplicity of adjustment when the receiver is used by the novice. A detector tube socket is shown in the illustration, set almost flush with the panel. This brings the tube in such a position that it can be readily observed during operation. The panel is of best grade bakelite, and all insulation has low dielectric loss. This makes for increased signal strength.

Makes Report Upon Near East Relief

"The Southern California office this year has shipped four large cargoes of food and clothing directly to the Near East and will have met the requisition upon us for food and clothing by at least double the amount of our commodity quotas." This report has been made by F. L. Sims of Pasadena, retiring executive secretary for the work in behalf of the Near East in southern California. He says: "During the last fiscal year which closed on June 30, 1921, the Near East Relief had a quota of \$250,000. This was met by a contribution from southern California in the form of cash, credits, commodities, clothing and collectible pledges in the amount of \$52,348.32 or 144 per cent. "This current fiscal year which closes on June 30, 1922, southern California has again met its quota of \$250,000 by a contribution of

Mrs. E. O. McKee Is Regaining Health

The many friends of Mrs. E. O. McKee, of 130 West Chestnut Street, who last week underwent an operation at the Research Hospital, will be glad to know that she is recovering rapidly. It is expected that Mrs. McKee will soon be able to be up. cash, commodities, clothing, pledges, etc., in an amount in excess of \$600,000, or over 170 per cent. "We attribute these splendid results to the fine standing which the Near East Relief enjoys in each community by virtue of the sponsorship of the leading citizens, who constitute our committees, and who have not only given the cause the endorsement of their names, but have rendered such able and effective service in the conduct of the various local campaigns."

AUTO SUPPLIES
For All Cars

RAJO HEADS FOR FORDS

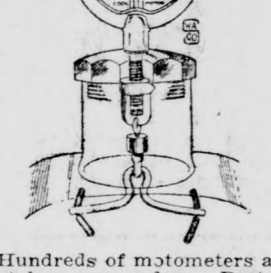

There is no question about the "valve-in-head" type of motor being the most powerful and speedy type ever designed. With the Rajo Head, a regular Ford car can be made to run 55 to 70 miles per hour, and have greater pickup, pep and economy. This head will pay for itself in a short time with the fuel it saves. Price \$65.00 and \$87.50

Cooper Cutouts

Know the condition of your motor, at a glance. A Cooper Cutout, warns you instantly of any "miss" or leak of compression. \$2.75 to \$4.35

Motometer Locks

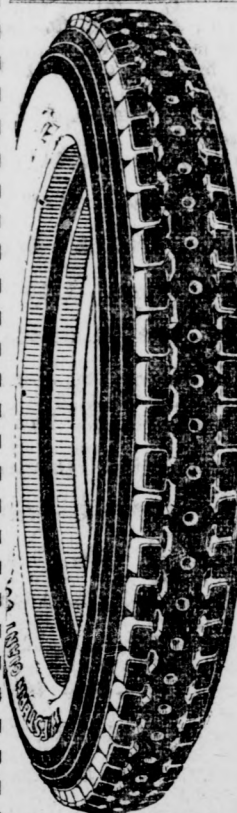

Hundreds of motometers are stolen every day. Protect yours from being among the list of the "missing." A positive assurance against theft. Our Price \$1.45

AERMORE HORNS

The "politest of horns" is the Aermore. Asks for the right-of-way rather than demands it. Four distinct tones blended into a harmonious sound that is audible above the din of traffic. Our Price \$6.90 to \$10.50

OYL-STOP PISTON RINGS

Oil pumping by the motor is the bane of many motorists' existence. The installation of Oyl-stop Rings will positively eliminate this evil, thereby giving you increased power and economy, with plug fouling and carbonizing eliminated. Our Price, Each, 65c

Western Giant Cords

12,000-Mile Guarantee
"Western Giant" Cords are all that a tire can be. The high, flat tread insures even wear and infinitely more mileage, and the suction cups prevent skidding. We do not believe a better tire is made at any price. Try one and your next set will be "Western Giants."

Keep Kool Cushions
A clean, cool cushion that completely covers the upholstery and makes driving very cool and comfortable, as the material of which it is made allows free circulation of air; also keeps clothes clean and prevents sticking to seat cushions. Price 90c

Running Board Luggage Carriers
A strong steel luggage carrier is invaluable for camping or touring. Available from a length of 18 to 50 inches, so you can carry various-size packages. Extra strong and substantial. Will not rattle. \$2.75-\$4.25

Service Units
This Boyco Service Unit enables you to carry your private service station with you, making available an emergency supply of fuel, oil and water. No car is complete without one. \$6.00 to \$7.75

Auto Beds
All the popular and better types of auto beds and camp cots will be found at "Western Auto," where you are sure of getting just the kind that meets with your requirements, and upon which you can entirely depend. Our prices are very reasonable, too.

CAMP TABLES
A table of extreme light weight, yet sturdy enough to hold all of your food and utensils without sagging or tipping. May be used around the house for a sewing or card table. \$4.50. Other styles from \$7.50 to \$12.50

Palmetto Tents
A dandy all-around tent that can easily be set up and taken down as no ropes are used and only one pole is needed. Ideal for that week-end fishing, camping or beach trip. May be procured in white, khaki or green material. Our Price \$24.50-\$32.50

Water Bags
Perhaps you prefer the water bag to the canteen on account of its "keep cool" attributes, which by a process of evaporation keeps water cool even when hung in the sun. Very handy. Sanitary. \$1.40 to \$2.35

Albert Vack Gives Views on Healing
Editor The Evening News - In yesterday morning's issue of The Los Angeles Examiner appeared an article from the State Medical Board that graduates of Chiropractic colleges who had received a drugless license were obtaining permits to handle narcotics. I beg to protest against such low propaganda to deceive the public and hinder us to receive the honest support in our coming election to establish a Board of Chiropractors in the fair state of California. Let us state right here, no chiropractor is licensed and every chiropractor is strongly opposed, not only to narcotics, but to any and every kind of drug that is on the market today. We know that God is perfect and so are His children, and that no man can add nor take away from him without violating the most high immutable law of nature. "Chiropractors would not think of using in their practice anything in which the so-called regular has failed since the last 5,000 years. M. D.'s believe in disease, chiropractors believe in health. A chiropractor can do more with his two hands to overcome the cause of disease and let nature do the healing, than the regular allopathic cut can do with all their narcotics and drugs combined. Medical cults discard every year tried out drugs, and experiment with new ones without result. Chiropractic methods will never change. Respectfully yours, ALBERT VACK, Chiropractor, 105 S. Maryland Ave.

LOWER RATES FOR TUJUNGA LINES ARE SOUGHT

Reductions in Fares for Week-end Trips Are Urged on Board

Week-end rates to various points in Southern California - to Tujunga via the Glendale Pacific Electric line and the Richardson Transportation Company busses from Glendale avenue and Broadway are sought in a petition filed by the latter company with the state railroad commission.

This will enable hundreds to visit the green Verdugo hills over Sunday and on holidays, it is believed by Manager A. C. Campbell of the transportation company.

Radio Concert at Barbecue - Tujunga American Legion members have been busy the past week perfecting plans for the big barbecue at the Begue ranch on Sunday, June 25th, and everything points to a big event that day.

Plan New Club House - Following the election of the new officers of the Woman's Club at Tujunga tomorrow, the executive board probably will begin work in earnest on the plans for the new club building.

Ask For \$5,000 Bonds - Trustees of the Tujunga school district at their meeting last week decided to call an election to vote \$5,000 in bonds for the purpose of erecting the first unit of a permanent school building at the Pine and El Centro site.

JACKIE COOGAN IN LOTS OF TROUBLE

Juvenile Starlet, in New Picture, Is Picturized in Many Mixups

The darling juvenile starlet of international fame, Jackie Coogan, can be seen in his newest and most pretentious picture, "Trouble," at the T. D. & L. theatre today.

Jackie Coogan is the sweetest, most human, appealing actor on the American screen today, and in his new picture he will win the heart of every one who witnesses it.

Harding Will Veto Present Bonus Bill

By J. HART CAMPBELL For International News Service. WASHINGTON, June 21 - President Harding will veto the soldiers' bonus bill, if it is passed finally by congress in the form in which Chairman McCumber reported it to the senate administration leaders who have conferred lately with the president on the bonus situation declared today.

The prediction was also made by them that the measure will not be passed by the senate until it is whipped into such shape as the president is likely to approve. The administration leaders said they are not surprised by the latest White House statement for they had been personally notified by the president themselves that his attitude toward the bonus legislation has not altered one iota since he wrote to Fordney.

COMMENT THAT'S ALL

"Last Shall Be First" Something to Remember World Loves a Game Sport Bolshevism Not in Homes

By Gil A. Cowan

SUCH a change as is taking place in Glendale! That is the statement of every person who "comes back to the old home town," as it were.

Of course, the natives notice progress, read about it in the newspapers and possibly feel the prosperity, but vacation time is going to offer hundreds an opportunity of realizing just how happily Glendale is situated.

When you take those two weeks or a month away from work, get out from under and go to some spot where you can forget the cares of the world. See some other cities, if you please, and return here with the vision which will have the breadth and scope of the whole town.

That is what's needed now more than anything else - the ability to see all of Glendale. Too many are prone to talk and think and see nothing but their particular side to the detriment of the community as a whole.

All of Glendale is good and it is not ill advised to remark that the "last shall be first" to enjoy the full benefits of the greater city.

In other words, the newcomers will get greater profit out of their investments than those who came here in the early days, for their vision is greater; the sections of the city which today are undeveloped, or slowly awakening, will be the best of all; and so on.

If you are a dreamer - and many are - get up bright and early some summer morning and climb to the heights of Mt. Verdugo. From there look down on the city of today and think of the Glendale that is to be.

Charles B. Guthrie did that recently and the revelation was for him seemed almost fantastic to the American Legion building committee a week ago tonight.

He told them of fully one-fourth of the city to the northeast being undeveloped - the Thom and Ross ranches. And to the east lies Verdugo Woodlands which is slowly but surely blossoming into a size of Los Angeles and Hollywood.

And beyond that the Starr ranch, the Le Mesnager estate, Montrose, La Crescenta - all to be developed.

Between here and Burbank there are many subdivisions yet to be built up. Between Los Angeles outskirts and Glendale the program of home building has just begun.

To think of the millions of people who hope to make Southern California their home is it beyond reason to predict Glendale the greatest suburb of them all?

Eventually Eagle Rock, maybe Burbank, surely Montrose and perhaps the entire Verdugo hill country will be a part of this municipality. Then Glendale will be second only in size to Los Angeles and it will be able to command its place in the sun, for already it has the world watching.

The one great essential in following the path of progress, however, is civic organization that is strong enough to carry the load. In the Chamber of Commerce there is the opportunity for every person to play a part in boosting Glendale. It is essential that everyone who has the interest of the city at heart should be a member. No half-hearted support will win any battle, and surely it will be a fight to keep Glendale to the fore.

When you join the Chamber of Commerce and pay your dues, you have done something tangible in the way of making organization possible. You have provided that association with your personal prestige which may be an ounce or a pound or a whole lot. You have given the money which makes its operation possible. And, better yet, you have shown the spirit of "stick-together" in a common cause.

ANNUAL MEETING OF JUNIORS AND SENIORS TODAY

Party for High School Students Being Staged at Eagle Rock

The annual junior-senior party of the Glendale Union High school is being held this afternoon in the large home of Mrs. B. P. Garrett, 301 Satsuma avenue, Eagle Rock.

One continuous round of excitement for every minute of the time between 2 o'clock this afternoon and 7 o'clock this evening has been promised by Loren Patrick, president of the junior class.

Seniors have been impatient to reach the party all morning. Most of them are unaware that the establishment to which they are going until recently was operated as a sanitarium.

Earl T. Brown, head of the science department and junior class teacher, has challenged Coach Normal C. Hayhurst, senior class teacher, to mortal combat at a pie-eating contest.

It is reported that Mr. Hayhurst has not eaten for two days and that Mr. Brown is confident of victory if he can keep his ears out of the way.

"A Little Jazz" is the title of a ragtime skit to be given by Ralph Van Hoorebeke at the piano and "Herb" Bruck with a violin.

Double Tournament - A pool tourney and tennis tournament between members of the two classes will be a feature of the afternoon.

A quartet is booked for several selections. Members are: Ed Stockbridge, Dave Griffiths, Joe McKee and Fred Terzo.

"A Dangling Song" is to be given by Miss Evelyn Hunt and her sister, Leone Hunt. Dave Kiskin has promised to do some juggling.

A piano duet will be played by Ralph Van Hoorebeke and Miss Winifred Parker. Esthetic dancing will be demonstrated by Miss Marcella Webb and Miss Dorothy Dutton.

Oh, yes; refreshments will be served. Allan Pollock, Harry Bennett and Loren Patrick have charge of this "mystery."

PLENTY OF PROOF FISHING PARTY IS SUCCESS

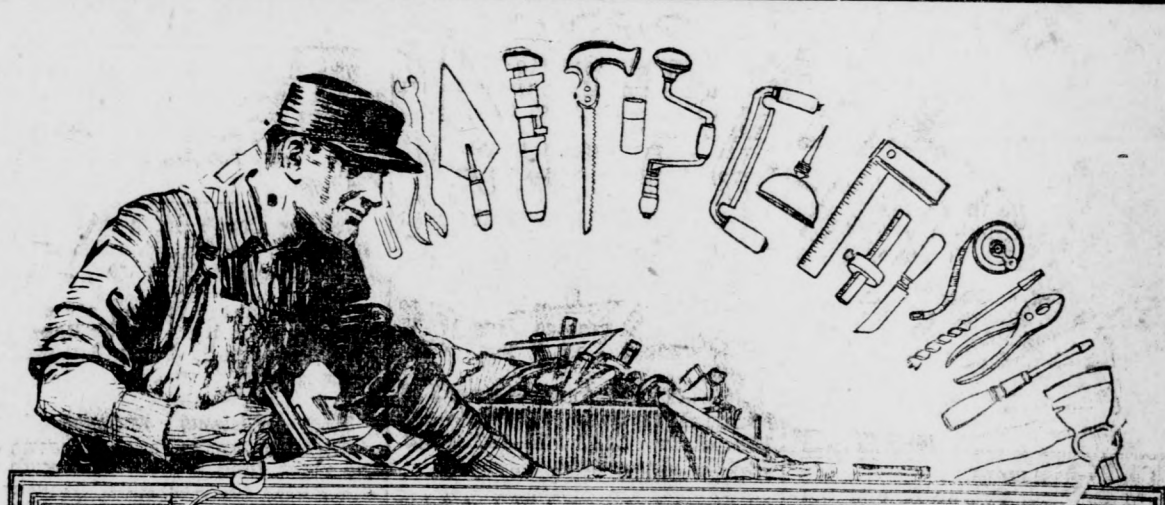

Glendale Folk Back From Outing; Bring Trout and Evidence of Camera

Mr. and Mrs. M. Becker and Mr. and Mrs. John Becker and two daughters, of 425 Pioneer drive, returned last night from a week's fishing trip at Lake Lundy. They brought with them twenty-five or thirty trout and several rolls of pictures as proof of their fish stories.

The party left a week ago Sunday, making the trip by automobile and camping out on the way. The roads were in fine condition, according to M. Becker, proprietor of the drug store at 1125 North Central Avenue, and the party had no trouble in driving over the entire route.

JOHNNY MYERS IS ANXIOUS TO BOX

Hasn't Had Battle for Three Weeks and He's Now Looking for Trouble

By O. U. FOWL

"Yes, I'm getting kinda stale. Haven't had a fight for three weeks and I haven't much chance to train around here. I'll have to start looking around for a match pretty soon or I'll get out of form."

Thus spake Johnny Myers, Glendale's fireman-fighter as he strode restlessly about in Fire Station No. 2. Maybe Johnny was right, but if he's stale now, he must make a weird tattoo with the gloves when he's in trim. For Johnny is built like a wedge, and walks presumably on springs.

"No, there's not much doing in Glendale along the boxing line. Once in a while my kid brother (Ralph Myers) and I get together for a little practice, but a fellow usually has to go to Los Angeles for his matches."

There's no reason, Johnny believes, why Glendale should not have weekly or bi-weekly matches when the local leather-pushers could settle the local championship question. The efforts of the American Legion in that direction, he says, are commendable, but they don't seem to get the right kind of support.

Anyway, Johnny is spoiling for a fight.

Tagging All Bases

The Tigers continued to run amuck in winning their eighth straight game. In fact, as Irving Cobb would say, they ran a terrible muck, beating the Red Sox, 9 to 8.

Johnny Couch made the Braves lay down, holding them to two hits, while the Reds won, 2 to 0.

After blithely tossing off eight straight, with Ruth in the line-up, the Yanks finally won a ball game without him, 6 to 5.

Ken Williams annexed his eighteenth homer, shot beyond the right field stands, during the game with the Athletics. Hausser, a pinch hitter, duplicated the blow later in the game.

Sam Rice contributed much to the downfall of Urban Faber and the White Sox, 9 to 6, starting the Senators off on their winning rally in the thirteenth and roaming about the outfield for glittering catches. He hit safely on his last five appearances at the plate.

Mlle. Lenglen Isn't Certain of Playing

LONDON, June 21.—"If I do not play in the singles in the Wimbledon tournament, I believe that Miss McKane is due to win, for she can beat both Mrs. Mallory and Miss Ryan any time."

Mlle. Susanne Lenglen, the French woman tennis champion, was quoted as saying in a despatch from Paris today.

Mlle. Lenglen's entry in the Wimbledon singles already has been posted but she is not certain she will play.

Babe Ruth Denies Intention to Retire

CLEVELAND, June 21.—"I'm too young to retire," thus said Babe Ruth, king of swat and temperamental star of the New York Yanks, in disposing of rumors that he would doff his baseball uniform for the remainder of the year following his two run-ins with Empire Dineen.

"I never said I was going to retire," Ruth continued. "I don't know where such rumors originated."

When you meet a man who agrees with you on everything, you are tempted to admit that he is almost as intelligent as yourself.

NEW YORK, June 21.—Bement at the hands of the commission, we can only say that Wilson was ever an immoderate laugh as a fighter, but that he deserves some consideration, at that. He is being pushed headlong into a match with Harry Greb in spite of the fact that having been suspended in these parts for six months, he is not altogether fitted for the ordeal.

Wilson should be allowed to take on a few bouts of minor importance before being tossed into the pit with Greb.

CLEVELAND, Ohio, June 21.—"I'll fight any man in the world in my class, if I get my price," said Johnny Kilbane, world's featherweight champion, to International News Service today. "I got \$55,000 for my fight with Dan Frush here last fall. I am willing to take on any contender for \$75,000 with the privilege of 50 per cent of the gross receipts, but as yet I have not received a bona fide offer."

Kilbane laughed at the attempt to forfeit his title by the New York State Boxing commission.

"I wish them luck," was his brief comment.

The World Over

Eastern rowing critics are not at all sanguine of the chances of the eastern crews at Poughkeepsie on Monday, June 26, since the victory of the University of Washington eight over the University of Wisconsin. It was an easy win for the Northwesterners as there was ten lengths of water between the boats at the close of the contest.

There is little question that Washington's crew is the most formidable of all those now training on the banks of the Hudson river as far as physical proportions are concerned. Their defeats of California and Wisconsin also showed they had the speed and the stamina. It is not at all unlikely they will enter the race as the favorites, something most unusual for a crew that has traveled three thousand miles from its base in order to compete.

The committee of Yale graduates who criticized the conduct of their university's athletics charged it with every crime on the calendar except murder and mayhem. With money being wasted, salaries too high, coaches inefficient, Jews discriminated against and a lot of other things, the stench that uprisings from the campus must be nearly overpowering. With a few more victories in sports to her credit, things might not look so bad. It goes against the grain to be paying out good money merely to be licked for it.

In preparation for deciding which teams shall represent the various sections of the country in the national tennis doubles, California will be the first of several geographical sections of the country to decide its representatives. The California sectional tournament will be played at Los Angeles, July 1 to 4, and the winners will go to Boston to play in the national doubles August 21.

Last year Robert and Howard Kinsey won the California doubles tournament, which also decides the Pacific coast doubles championship, and this same team will be on hand to defend its title this season. They will have much harder competition than was the case last year as several strong Los Angeles teams are said to have been developed, and besides that Willie Davis and Ray Casey of San Francisco have been showing remarkable ability as doubles team in the tournaments round San Francisco bay.

Tennis all over the country is now at its height. The Pacific coast singles championships have already been decided with Bill Johnston returned the winner. There are, however, a number of other important western tournaments to be decided as follows:

- June 28—Inland Empire champs at Spokane, Wash.
- June 29—Utah champs at Salt Lake City, Utah.
- July 1—California sectional doubles at Los Angeles.
- July 3—Open tournament, Potlatch, Idaho.
- July 5—Willamette Valley champs, Salem, Oregon.
- July 10—Oregon State champs, Portland, Oregon.
- July 17—Washington state champs, Portland, Oregon.
- July 17—Washington State champs, Seattle.
- July 31—Southern California champs, Los Angeles, Calif.
- July 31—British Columbia champs, Victoria, B. C.
- Aug. 7—Intermountain champs and sectional doubles at Salt Lake City, Utah.
- Aug. 7—Pacific Northwest champs at Tacoma, Wash.
- Aug. 14—Open tournament at Portland, Oregon.
- Aug. 14—British Columbia clay court champs at Vancouver, B. C.

What Is Considered a First-Class Laundry?
 —Is it a good appearing delivery equipment? "We have it."
 —Is it drivers who are courteous and of good character? "We employ them."
 —Is it a plant which is kept sanitary and absolutely clean? "We fill the bill."
 —Is it a plant equipped with the latest and most modern machinery? "That's us."
 —Is it the plant that uses the highest priced soap and materials in washing? "We do."
 —Is it a plant that is particular about the class of labor it employs, which makes every effort to get the best skilled workers? "We try to do this."
 —And last, but not least, we use soft water.
 —We wish to be modest, but we take pride in our local plant. Do you?

Fifty Millions of Federal Funds for Road Building
 WASHINGTON, June 21.—Fifty million dollars from federal funds will be apportioned among the various states for road construction during the fiscal year 1922-23. Secretary of Agriculture Wallace announced.

The sums granted to each state must be matched by a similar amount of the state's money. Federal aid for road construction was made available by an additional appropriation of \$190,000 in the postoffice appropriation bill which was signed by President Harding yesterday.

Convention Hall Is Planned for Capital
 WASHINGTON—Plans are being completed for the erection here of an immense auditorium permit Washington, the logical selection for meetings of national and international importance, to assume the position of the greatest convention city in the United States.

The designs for the steel framework of the building will soon be completed, and actual work on the erection of the structural steel will begin before fall, according to the Washington auditorium committee.

The mammoth convention hall will be located near the heart of the city and the downtown hotels. The most prominent feature of the main floor will be the auditorium, which will have a seating capacity of 6000. By opening adjoining rooms the seating capacity can be increased to 7000. All the floors, walls, partitions, roof and fittings are to be fireproof, and the exterior will be a composition similar to granite.

In looking for trouble it's a good plan not to overestimate your capacity.

Three Persons Hurt In Auto Accident
 An automobile accident at Montrose about 8:30 last night was the cause of Mrs. C. E. Cole and her daughter, Miss Katherine Cole, and L. V. Stannard, all of Garvanza, being taken to the Glendale Sanitarium and Hospital where they spent the night. Mrs. Cole was the most seriously injured. She received a fractured left arm and a bad gash on the forehead.

A balky Ford caused William Van Volkenburgh of Long Beach to fracture his right wrist while cranking his car last night in front of the Polkadot Cafe at 710 East Broadway. He was accompanied to the Glendale Sanitarium and Hospital by E. B. Murphy who is accompanying him on his trip from the beach city to Bakersfield.

A liter is of capacity equal to 1.057 liquid quarts.

Women's Guild of Church Gives Social

The members of the Women's Guild of St. Mark's Episcopal church, of which Mrs. Mortimer Baker is president, were hostesses at a social time given at the Chamber of Commerce Auditorium last night to the young people of the church.

The music for the evening consisted of approximately 150 present. Music for dancing was furnished by a three-piece orchestra.

During the evening Miss Dorothy Hunt, accompanied at the piano by Miss Gertrude Champain, sang "Stars Brightly Shining" (Bronte) and "I Dunno" (Wells). Miss J. Kitt played "Hungarian Rhapsody No. 2" (Liszt). Refreshments of ice cream and cake were served and a pleasant evening enjoyed.

R. Downing acted as master of ceremonies, calling off for the Paul Jones, etc. Mrs. J. H. Murfie had charge of refreshments, and Mrs. Charles Kressey of the music.

Army Air Officer Holds Many Titles

WASHINGTON—The most titled officer in the United States army, according to the war department, is the officer in charge of the Trade Test Department of the Chanute Field, Illinois, Air Service Mechanics School.

An army officer declared if this officer had a tin badge pinned on him for every title he has the admiring public would require a powerful microscope to discover his noble physiognomy beneath the mass of metal.

A few of the titles which burden him with their weight are: Officer in charge of trade test, officer, information officer, athletic officer, publicity officer, morale officer, member of G. C. M., secretary of officers' club, engineer of ferry and transportation officer of the Fifteenth Observation Squadron.

With all his titles he is the lowest ranking officer of the school's staff.

Santa Fe Springs

Never Before Perhaps Never Again

Will you have the opportunity to make an investment where so small an amount of money will bring so great return. I have been drilling wells for fifteen years and have never had such an opportunity before.

Every \$100.00 you put in with me should pay you back \$3000.00.

If this was four or five hundred barrel territory I would not be talking to you, but when I tell you that my lease lays directly between two 4000-barrel wells and offsetting the big Agee gusher of the General Petroleum Corporation, I want you to wake up and take notice.

Do you realize that every \$100.00 you invest gives you an assignment of 1-1750 part of 70% of my total net production?

Do you realize that this 70% is paid by the pipeline company to the Bank and distributed to you pro rata every thirty days?

Do you realize that my lease is surrounded on four sides by The Standard Oil Company, the Dutch Shell, the General Petroleum Corporation and the Petroleum Midway?

Do you realize that when my well goes on production in 90 days you can figure every night what you draw down?

Do you realize that I am offering you the squarest and surest opportunity ever submitted to you and that it is not going to last forever.

If you were given a tip on a race horse that was a strong favorite at odds of thirty to one, would you place \$50.00 or \$100.00 on him to win? I am that horse and am entered to start July 1st at Santa Fe Springs, and the race will be run to that 4000-barrel pay, and take it from me I am going to win.

Place your bet on me today, show me you believe I'm right. I'll never betray that confidence.

Mail your check to me today or come in and meet me personally.

White Ants Destroy Homes In Illinois

CLINTON, Ill. — An army of white ants—millions in number—are destroying two beautiful homes in this city. Eating their way through the weatherboarding, the insect army has burrowed into the hardwood floors until the boards crumble under a touch of the finger. No check can be made on the destructive pests and the homes are doomed to be reduced to nothing.

JOHN HYDE BRALY GIVES TALK ON 'PIONEERING'

Tells of Experiences In the Early Days; Tuesday Club Hears Officers' Reports

(Continued from Page 1)
 Mrs. A. M. Hunt, her report was read by Mrs. Dunn, and showed a total balance of \$22,845.97. Mrs. Colin Cable, chairman of section programs, reported on the programs which had been given under the direction of the various curators during the year and thanked them and the members of the various casts.

Mrs. Charles H. Temple, chairman of the year and thanked her committee. Mrs. L. W. Sinclair, hospitality chairman, reported a gain of \$28.51 by her committee. The report of Mrs. R. D. Angelica, chairman decorating committee, showed an expenditure of \$10.05 during the year. Mrs. S. C. Parker, chairman of calling committee, reported calls made on 101 new members during the year.

Mrs. J. G. Huntley, chairman of remembrance, reported thirteen floral pieces and twenty-three bouquets sent out during the year. Mrs. H. S. Spaulding, chairman of philanthropy, reported fifteen various institutions and donations given to same during the year. Mrs. C. S. Archer, chairman of local relief, reported giving away 158 garments, and other needed articles, also making eighty-two personal calls during the year. The report of Miss Mrs. Myers, chairman of patriotism, told of the club memberships being called upon to take part in the Armistice and Memorial Day parades and exercises.

Growth of Federation
 Mrs. Alexander Mitchell, federation secretary, told in her report of the growth of the federation from fifty to 160 clubs. She stated that the federation now has eighteen different departments, chairman and that the president, Mrs. Urquhart, urged that the clubs take part in the June campaign for buying home products. She also asked that they take part in the Fourth of July celebration as "new citizens' day." A motion carried that the remainder of the reports be filed with the secretary and not read.

Mrs. C. E. Hutchinson stated that it was hoped the necessary legal proceedings would be properly arranged in time to have the laying of the cornerstone of the new clubhouse at Lexington and Central at 11 o'clock Tuesday morning, June 27. The annual meeting of the officers will take place at the luncheon in the afternoon. Reservations must be in by Friday of this week and can be made at Mrs. Warren Roberts, the Glendale Book Store and Quality Grocery. The members of the hospitality committee will serve the luncheon at Masonic Temple at 1 o'clock.

An amendment to the constitution was offered by Mrs. John Robert White raising the dues from \$6 to \$10 per year. John Hyde Braly, who has resided in Glendale for a number of years, came west with his parents in 1877, when he was a boy 12 years old. He told of his tedious nine months of hard traveling by the wagon train, far different from the modern modes of transportation.

Mr. Braly stated that his family left in the middle of April, 1847, for the west and landed in Portland, Oregon, now stands, in December 24 of that year. The experience of that wagon train in crossing the Green river and the narrow escape from disaster were told by him.

"The first two wagons of the train to cross the river had the wheels taken off and ropes were attached to the front end," he said, "and strong men swam across to the other side and ran with the ropes to water tight, to the landing before it would float away down stream in the swift current. However, the third wagon was caught in the current and carried quite a distance before being brought to a landing. After that it was decided that the remainder of the train would cross by fastening all of the wagons on beds, which were water tight, together and all of the oxen together and have them pull the train across the stream. There was considerable hallooing when the train made a safe landing on the other side of the river."

Tells of Early Sports
 Mr. Braly's account of some of the early days and sports in Fremont, Calif., which was located about twenty miles north of Sacramento, proved very entertaining. He told of his taking part in a race at that place, which was then a small mining town riding a young steed which he had trained and by strategy winning against the mile that was racing with him. The course was one-half mile long and was surrounded by about 2,000 people who had gathered to see the race, which was the big event of the year.

This Legless Actor Beats Life's Handicaps

Charles Wray Wallace, m. m.

NEW YORK.—There are but few handicaps in life that cannot be overcome. Witness the case of Charles Wray Wallace, America's only legless actor.

Way back in 1885, before Broadway became illuminated with shining stars of the theatrical firmament, this remarkable man felt the call of the footlights. It was in pursuit of his profession that he lost his lower limbs. The loss was sustained in a wreck fifteen years ago.

"Dear" days in a hospital followed," Wallace says. "I refused, however, to give up the idea of succeeding in my chosen line. For a time the handicap was a severe blow to me. With the money saved on me for the loss of my legs I bought a farm. Life among the cows and chickens failed to bring contentment, however. And so I came back to the footlights."

Wallace's first prominent part was in the Montgomery and Stone production of "The Wizard of Oz."

Theatregoers in New York do not realize that Wallace is legless when he steps on the stage. By means of artificial limbs he is able to disguise his disability. In some character parts, however, he fits admirably through lack of his legs.

The most recent triumph of Wallace was his part in "Bava," at the Earl Carroll theatre. For his characterization of "Knoff," one of the most difficult roles in the play, Wallace was highly praised by critics.

"I shall never leave the stage," says the legless actor. "Only through my determination to overcome my handicap will I be able to continue successfully, but when one desires to be successful handicaps can be easily enough overcome."

GLENDALE AID TO REX C. KELLEY IS DESIRED

'CARMEN' FIESTA BACK FROM CAMP ON CATALINA

C. of C. Directors Hear Suggestions, Pass Them to Civics Committee

What might be rightfully termed "an interesting session" of the Glendale Chamber of Commerce board of directors was held yesterday noon.

A lot of things were discussed with little delay, except that the matter of Glendale co-operating in Hollywood's "Carmen" fiesta was referred to the civics committee for report.

Representatives of the association board of directors were held at Hollywood bowl on July 8 were present to explain the project by which they expect to equip that open air amphitheatre with 35,000 permanent seats, making it one of the greatest places in the country for large meetings.

Maruquita Silva, Edw. Ward Johnson and Henry Scott, operatic stars, have been secured for the leading roles while the Los Angeles Philharmonic orchestra will furnish the musical setting. A ballet of 100, chorus of 250 and more than 100 animals will be used in the most elaborate production of any opera.

Spanish Fiesta
 On Friday and Saturday, July 7 and 8, leading up to the opera's presentation, Hollywood will present a Spanish fiesta with all sorts of entertainment and activity, according to the men who were present asking only that Glendale make its reservations early.

It was suggested by Roy L. Kent, who presided, that the Chamber reserve a block of seats and on motion of Jesse E. Smith, seconded by C. C. Cooper, the subject was referred to the civics committee.

The Invitation Day proclamation by the governor of California was read by Assistant Secretary Sanders and it was determined that Glendale would co-operate. Other propositions were discussed without decision.

France Conducting Merit Tests Now

PARIS—Beauty is as beauty—but this story doesn't concern beauty at all. It concerns merit, which everyone agrees is a desirable quality.

Enough to say that the Echo de Paris, varying the usual newspaper campaign, is offering prizes amounting to nearly \$10,000 to the girls voted the "most meritorious" in France. And looks don't count!

SENIORS OF HIGH SCHOOL HEAR OF PAST, FUTURE

Banquet Takes Place In Honor of Class Day; Give Final Talks

(Continued from Page 1)
 continuous fighting.

"And so, I say, our future is bright. We may not all become famous. Having been grounded in the essentials of good citizenship, you'll find the class of '22 ever there, taking its place as a class that can take its victories modestly and its defeats bravely, and in the end achieve that greater success—true happiness through service."

The class prophecy was read by Miss Dorothy Peart. She describes the adventures on a trip back home in 1930 by Donald Taylor who comes in his private car, having acquired fame as a designer of women's styles. Harold Sprague is observed as an actor "on his uppers," Don Cameron and Charles Foster are Pinkerton detectives. Dale Wood is leader of the Ku Klux Klan. His right bower is Earl Hammond. "A Flapper Club" is headed by Miss Charlotte Rominger, Miss Elizabeth Sternberg, and Miss Ruby Eubanks. An "Old Maids' Club" is supported by Miss Lucy Strother, Miss Virginia Hurdley, Miss Eleanor Sawyer and Miss Doris Packer. Paul Q. Hutchison is pastor of the First Methodist church. Bill Justema is "a honest-to-goodness, two-fisted, hard-boiled, two-gun, cow-wrestling, real cowpuncher."

The musical portion of the entertainment was furnished by Ralph Van Horebke and Miss Winifred Parker in a piano duet; Miss Dorothy Peart, who sang a solo, accompanied by Miss Marjorie Yarik; and Herbert Bruck, who played a violin selection.

Debt of Gratitude
 The farewell speech of the class was delivered by Victor Colburn, who emphasized the debt of gratitude which the seniors owe members of the board of trustees and the faculty.

"We have assembled here tonight to commemorate and enjoy together, the fruits of four years of high school life, he remarks. "We have met here to celebrate one of the big moments of our lives—a moment which our memories will long remember and dearly cherish."

"Our good ship '22 has weathered many a storm and rock and reef and will be piloted into port by Mr. Moyses and his most excellent faculty. But along our hazardous and perilous voyage we have lost those who did not meet with smooth sailing and tonight only 141 of our stalwart crew remain. We, who have stood the test, are going on into life, each up different roads. Some into foreign lands; some into the business world; others are going into higher educational institutions; some, maybe, to startle the world. We are then to be the pilots of our fathers—the champions of our destinies."

"We are supposedly fitted to face the world with its intricate problems and complications."

True Glendale Spirit
 "Ours has been a great work and we have accomplished it in a manner worthy of our reward. Our members have taken part in every activity known to this campus. We have done it unflinchingly with the truest of Glendale spirit. Our only hope has been that we would be a credit to the name and glory of this great institution."

"May students always cherish those things which our school has stood for and strive to perpetuate the ideals which we have cherished. To the lower class we charge this great task—keep high the name of Glendale and see that her glories are never dimmed."

"The Class Will" was read from a scroll of adding machine paper by Miss Doris Packer. Paul Hutchinson read "The History of the Class." A toast to the girls was given by Miss Virginia Huntley; to the faculty by Miss Faith Evans; and to the senior class by Vice-Principal A. L. Ferguson.

The banquet was prepared by domestic science classes under the direction of Miss Ellen J. Hanson. It was served by the following girls: Miss Estelle Bradbury, Miss Nadine King, Miss Sarah Allen, Miss Jo Ruth Clark, Miss Shirley Fawkes, Miss Doris Miles, Miss Vera White, Miss Evelyn Hunt, Miss Dorothy Scott, Miss Frances West, Miss Elva Bowen, Miss Wilma Gasser, Miss Alice Kramer, Miss Ethel Leash, Miss Ruth Claussen and Miss Meredith Brown.

ANXIOUS TO HIDE AWAY
 CHICAGO, June 21.—Harold F. McCormick, harvester magnate, who underwent a gland operation ten days ago, is preparing to leave the hospital Friday, according to reports today. It is also reported that McCormick will hurry to New York and sail Saturday on the Olympic for Europe.

Friends of McCormick pointed out today that he is anxious to hide away as soon as possible from the publicity that has attended his operation, which was calculated to restore the vigor of youth, and that he will lose no time in leaving America.

MORE COAL MINES RUN
 TERRE HAUTE, Ind., June 21.—Fourteen coal mines in the Terre Haute district resumed operations today. Under normal conditions these mines produce 550 tons daily. Attorneys for operators have complaints ready to be filed at Indianapolis asking for an injunction and restraining order if striking union miners interfere with production. Striking union miners will hold a mass meeting this afternoon.

SEASON OF GRASS FIRES IS OPENED
 Two Calls to Department Yesterday; Chief Issues Warning to Public

Two calls to extinguish grass fires yesterday afternoon prompted Fire Chief A. H. Lankford to issue a warning to Glendale residents as to the danger of uncontrolled vacant lots during the hot summer months.

Grass fires, while in themselves not especially destructive, may start other fires which would menace the city, according to Chief Lankford. A vacant lot covered with weeds dried out by the sun, and piles of inflammable rubbish in rear yards are extremely dangerous, he says.

"A smoldering coal from a rubbish fire, or a cigarette flipped into the weeds might start a grass fire which would spread to garages, homes and business buildings. Keep your weeds cut, and trash burned up before it accumulates," advised the chief.

Yesterday's fires did not have time to spread and do much damage, due to the efficiency of the city's fire-fighters. At 1 o'clock in the afternoon a grass fire on a vacant lot at Brand and Lomita was extinguished with shovels, and at 4:15 a fire on a vacant lot next the Harris residence at 529 West Fairmont avenue, was put out. The latter fire was caused by burning rubbish and for a time threatened to destroy a garage adjoining the lot. Quick work on the part of Chief Lankford's forces prevented the spreading of the fire, and the building was saved.

Methodists to Hold Quarterly Conference
 Rev. L. Y. Davis of Pasadena will preside tonight at the Methodist church at the quarterly conference.

Annual reports will be submitted at this time. The pastors report will be submitted by Dr. C. M. Crist, Carl Seitter will report upon the Sunday School.

Other reports will be given as follows: Elwood Ingledue, president of the Epworth League; Miss Bessie Ross, superintendent of the Junior League; Mrs. Charles Starkey, president of the ladies' aid; Mrs. B. F. Geiger, president of the Women's Home Missionary Society; Mrs. A. P. Torrey, president of the Women's Foreign Missionary Society; Mrs. H. V. Brown, secretary of the United Leaders.

The retired ministers' association will be represented by Rev. E. Hoskins, Rev. C. R. Norton, Rev. Frank Otto, Rev. J. M. Marsh, Rev. H. G. Claycomb, Rev. L. C. Yeoman and Rev. W. G. Collins.

The local preachers' organization will be represented by W. M. Bott, John Chudley and Robert Kenneth Crist.

Lost Dog Mourned
 By John and Mary

Little John and Mary Colby of 453 Oak street are grieving today for their collie dog, "Ranger," which has disappeared.

Their father, Frederick S. Colby of the Roy L. Kent Company, 130 South Brand boulevard, is advertising for the dog.

The pup was presented the Colby children by A. G. McManus, owner of most of Palm Springs townsite.

So, if you happen to have seen dog No. 902, return it, please, John and Mary tearfully request.

An animal that cannot climb a tree shouldn't trust its money to a monkey.

House Rents Will Stay Put, Believe

TOLEDO — Real estate men here see no immediate reduction in rentals on homes due to the big demand for them. Apartment house rentals have been reduced from 10 to 15 per cent in many instances, they reported.

The Toledo Real Estate board said there is a shortage of homes that can be rented for \$20, 25 and demand for such houses is more than the real estate men can take care of. This is attributed to the fact that recent wage cuts in many firms have forced workers to look for homes that will respond with the new wage scale.

Radio Even Reaches Dentist Chair

In order to divert her mind from any unpleasant feeling she might have, Dr. McClure of New York first puts the receiver on Miss Josephine McMahan and then goes to work and Miss McMahan becomes so interested in the radio program that the sorrowful part of the work is forgotten.

J.A. NEWTON STORE
HOST TO CROWDS AT RECEPTION
 Twelfth Anniversary Is Celebrated and the Program Greatly Enjoyed

(Continued from Page 1)
 announced that they have received a permit for installing their own broadcasting station, which is to open shortly. Only the best talent available will be used on the programs and all radio fans will have the opportunity to become acquainted with Glendale artists.

The program numbers received last night were from the Kinema and Earl C. Anthony stations in Los Angeles.

In addition to the radio demonstrations and program, demonstrations were given in the other departments, shortcake, cookies, waffles and other eatables being electrically prepared for the interest and pleasure of the guests.

Adding greatly to the artistic effect of the store were many floral pieces, gifts from business firms and friends. One of the finest pieces was a large fern, given by the company's employees and bearing a card of congratulation and appreciation.

During the latter part of the evening a program of popular music was given by the Shrine Club orchestra, directed by A. M. Kelly, who is head of the service department of the Newton store. The orchestra included A. J. Kelly, violin; M. H. Coffman, piano; G. F. Floyd, saxophone; C. E. Donaldson, clarinet; L. E. Mason, banjo. The piano used was secured through the courtesy of the Brunswick Music Shop.

Included in the Newton firm are J. A. Newton, president and general manager; W. E. Hibbard, vice-president; O. W. Andresen, secretary and treasurer.

Greatly Pleased
 "We were greatly pleased," said Mr. Newton this morning, "to have so many of our friends and patrons join with us in celebrating our twelfth birthday. By their interest and good wishes we may measure the success we have attained. During the years we have been in business we have endeavored to serve the people of Glendale faithfully and satisfactorily. We are looking forward to greater growth in the coming twelve years and Mr. Hibbard, Mr. Andresen and I want to take this opportunity to thank all our friends and patrons for their part in our success of the past and for their good wishes for what the future may hold."

Wins World's Record Radio Speed Contest

Theodore R. McElroy of Somerville, Mass., who won the world's amateur championship in the wireless code receiving contest held at the Boston radio show. McElroy received 51 1/2 words per minute, bettering the former champion, Joseph Seron of New York, by 2 1/2 words.
